

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

Anymore the only true news you can obtain in the United States is on the world wide web

and if the access to that is limited to two or three mega-companies I fear sites like

this one and Fairness & Accuracy in Reporting will be pushed off the internet.

I am filing this

complaint not only to beat big business but also to show that there still is democracy

in this country.
